

# CP CARES PROGRAM - Funding Request Program / Tech Fund Program

#### Introduction

Cerebral Palsy Alberta (CPAA) is a registered non-profit society and makes a difference in the community by enriching the lives of people affected by cerebral palsy and other disabilities. Through our programs and services, we promote awareness, acceptance and understanding for persons with disabilities to live a Life Without Limits.

The Funding Request Program assists Albertans with disabilities with supports for daily living (disability diagnosis required). Through the Funding Request program, we provide funding for items such as adaptive equipment (e.g. lifts, chairs, scooters), programs (e.g. adaptive skiing and camps), therapies, treatments and educational courses.

The Tech Fund Program assists individuals living with various disabilities (disability diagnosis required). The Tech Fund Program provides support for electronics and adapted electronic devices (iPads, Laptops, Computers, speech devices, etc.) required to improve quality of everyday life.

Both programs are funded through the CPAA's own fundraising efforts and from generous donations from members of our community.
