Covid-19 Update

Cerebral Palsy Alberta has made the difficult decision to suspend all programs in Edmonton and Calgary effective immediately, to protect the health and safety of our clients, volunteers and staff, as they are our number one priority.

Our offices will be closed to the public as of Friday, March 13, 2020, until further notice. Please note, our staff will remain available to answer any emails or phone calls, but will not be any community meetings or presentations and will continue to keep you up to date of any changes. Our clothing/bottle recycling programs will continue to operate as normal for the time being.

We are monitoring the situation closely and following the guidance of the Government of Alberta and Alberta Health Services. Please be assured, CPAA's priority is to help protect the health and safety of its community and do our part in assisting in the prevention of spreading this virus.

Thank you for your understanding.
